Bob

Jonathon Carroll

Lazarus Energy Holdings LLC

801 Travis

Suite 2100

Houston, TX 77002

Also has EA received the Field Change Form approval yet and do you think we are going to have to move sampling to late August?

Thanks

Thanks Brian. Do you have a mailing address for Lazarus Refining? We can email an insurance certificate in the short term but our insurance company generally sends the official hardcopy directly to the additional insured.

Thank you,

Bob Owens

Subject: FW: Falcon Refinery (06MC) -- Suggested Address/Location Description for the Insurance Rider for Falcon Site

Bob

I spoke with Gloria and she was ok with the location description. Please let me know if you need more than this.

Thanks

Subject: Falcon Refinery (06MC) -- Suggested Address/Location Description for the Insurance Rider for Falcon Site

Gloria,

The Administrative Order on Consent for the Removal Action (AOC) at the Falcon Refinery Site (Site) does not identify or associate a particular street address or P.O. Box number for

9597428

Site.

However, the AOC does describe the Site as “the Falcon Refinery Site located in Ingleside, San Patricio County, Texas 1.7 miles southeast of State Highway 361 on FM 2725 at the northwest and southeast corners of FM 2725 and Bishop Road.”

Do you agree Site’s description as it appears in the AOC can be used in place of a street address to adequately describe the Site’s location for use in a rider to the Contractor’s insurance policy?

If this is OK with you, please forward this information on to Brian.

Bob

Brian:

Please send me the address for Lazarus Texas Refinery I, LLC. We need it for the insurance certificate.

Thank you,

Bob Owens

Bob

Can you please tell what the status of the insurance rider requested by LTRI for the Falcon Site is? I will be out of the office in the next hour or two and not be back until next Tuesday, so could you please copy Robert Werner and Gloria Moran in your response. Also I have not heard if the change order has been approved, so if it has can you send me a draft of the lab request for the analytical work to be done by the Houston/ CLP lab and copy Christy as well to keep her in the loop.

Thanks
